SUMMARY

Aspiring Cloud Infrastructure Engineer with practical experience in AWS and Docker, complemented by project work in web application deployment. Strong foundation in cloud architecture, networking, and automation, with a keen interest in advancing expertise in scalable infrastructure, cost optimization, and emerging cloud technologies.

PROJECTS WORK

DOODHWALA (E-Commerce Website)

Deployed a basic dairy products management system using HTML, CSS, JavaScript, PHP and XAMPP (MySQL). Tested project locally on XAMPP and ensured responsiveness across all devices.

DEPLOY A PHP WEB APPLICATION ON AWS CLOUD USING HIGH AVAILABILITY AND SCALABILITY

Developed and deployed a PHP-based web application on AWS Cloud with a focus on high availability and scalability.

Leveraged AWS services like EC2, RDS (MySQL), S3, Load Balancer to ensure application reliability and performance.

ACHIEVEMENTS

AWS Academy | AWS Cloud Practitioner Essentials

Achieved the AWS Cloud Practitioner Essentials Certificate after completion of 10 hours of coursework. Learn about the core AWS services, including computing, storage, networking.

Low - Code/No- Code Platform | Zoho Creator Training

Completed the Zoho Creator training course for students, gaining expertise in building applications using low-code/no-code platforms.

Gained hands-on experience in leveraging Zoho Creator to streamline and automate various business processes. Earned a certificate for successfully completing the course and demonstrating proficiency in application development.

TECHNICAL SKILLS

Languages : HTML, CSS, Bootstrap, JavaScript, Basic Java, Python, PHP, C, C++.

Databases : MySQL, MongoDB, Oracle.

Technologies : Docker, Kubernetes, Zoho Creator, Agile Methodologies, Glid.

DevOps : AWS Cloud (EC2, S3, RDS, DynamoDB, VPC, Route 53, CloudFront (CDN), IAM, CloudWatch, Elastic Load Balancer, Auto Scaling, EBS, Cloud Trail).

Developer Tools : Git, GitHub, VS Code, IntelliJ IDEA, PyCharm Community System and Network.

Administration : Routing and Switching Technologies, Linux Administration (Red Hat 7.1), Server Administration.

Technical Electives : OS, DBMS, OOPS.

EDUCATION

10 Grade | GSEB | 2020

SMT. P.B.D. JOSHI HIGH SCHOOL

77.74/100 - PR

12 Grade In Commerce | GSEB | 2022

SMT. P.B.D. JOSHI HIGH SCHOOL

43.42/100 - PR

Bachelor Of Science In Cloud And Application Development | 2022-2025

Gujarat University, Ahmedabad

8.76/10 - CGPA

Master Of Science In Cloud and Application Development | 2025-Present

Gujarat University, Ahmedabad

(Pursuing)
